

DON'T FORGET THE CHRISTMAS PRESENT

**You can sit and dream of every Christmas Past
And each Christmas Future keeps coming very fast
But while these memories and dreams are really quite pleasant
Don't Don't Don't forget the Christmas Present**

**All these photos of each Christmas Past are nice (They all are very nice)
But for Christmas Future take my good advice (Just take this good advice)**

**Just forget about the turkey partridge or pheasant
Don't Don't Don't forget the Christmas Present**

**Just don't be a Scrooge buy me something huge
Not some trash from the cash and carry
I've just got this thing for a diamond ring or a brand new red Ferrari
(A brand new red Ferrari)**

**So while Christmas Past may fade away in time (May fade away in time)
And for Christmas Future it's hard to find a rhyme (It's really hard to rhyme)
If you'd like your life to be not really unpleasant
Don't Don't Don't I'm sure you Won't Won't Won't
I tell you Don't Don't Don't forget the Christmas Present
La la la la la la la la la La la la la la la la la la**
