

CHRISTMAS TIME IS ALMOST HERE

**Close your eyes and soon it will be Christmas
No surprise for soon it will be Christmas
People laughing in the snow, holly, ivy mistletoe
Streets with people full of Christmas cheer
Little children all need dreams of Christmas
Sleigh bells ring and people sing it's Christmas
People smile the world's alright
Little tots can't sleep at night
Christmas time is almost here**

**Look around and see it's nearly Christmas
Every sound reminding us of Christmas
Christmas carols in the air people laughing everywhere
Log fires crackling it's that time of year
Shops all packed with gifts and toys it's Christmas
Lots of fun for girls and boys it's Christmas
Bells all jingling on a sleigh
Father Christmas on his way
Christmas time is almost here**
